MEDICAL

All medications, including over-the-counter medications, vitamins, just-in-case medications, **MUST** be given to the Camp Nurse at Check-In. This assures that correct dosages are taken and that someone else does not get into it. Please make sure that all medications are in their **original packaging**, labeled with camper's name, name of medication and correct dosage, prior to arrival. All non-prescription medications including vitamins, homeopathic medications, natural remedies and herbs must be accompanied by a physician's prescription with his/her signature in order for our camp nurse to distribute these to your child during his/her week of camp. **We cannot distribute the above items without the doctor's signature.** The Camp Nurse has ample supplies of most over-the-counter medications (i.e., Tylenol, Benadryl, Ibuprofen, Sudafed, etc.) along with first-aid kits. Please do not send these with your child unless they have allergies to common medications. All cuts, scrapes and bumps must be reported and treated by the Nurse. Campers should not be attending to their own injuries. Information and instructions for taking medication should be sent on registration card. Diabetics or others on special diets must bring their own foodstuffs if supplement beyond regular meal is desired. Please make your counselor aware of any special needs you may have.
